##### 1.2 Subscription Right of Options and Subscriptions

1.2.1 Regardless of the pre-emptive subscription rights of the shareholders, the options shall be offered for subscription to the members of the Board of Directors of the Company (hereinafter the "**Key Person(s)**" or "**Option Holder(s)**") as described in the Resolution.

1.2.2 The subscription period of the options is set forth in the Resolution. The options shall be subscribed by signing the option agreement materially in the form appended to the Resolution. A certificate which describes the Key Persons' right to participate in the subscription issue as well as the terms and conditions of the subscription issue shall be given to the Key Persons by request, unless the options have been taken into the book-entry system. No warrants, as set out in Chapter 3, Section 12, Paragraph 2 of the Finnish Companies Act, shall be provided for the options.

1.2.3 The purpose of issuing the options is to bind the Key Persons to the economic growth of the Company and to the development of the Company's share value as well as create a long-term relationship between the Company and the Key Persons, which benefits the Company both economically and operationally. Therefore, a weighty financial reason exists for deviating from the subscription right of the Company's shareholders.

1.2.4 No consideration shall be paid for the subscription of the options.

##### 2.1 Right to Subscribe New Shares

- 2.5.2 If the Company, prior to a share subscription, distributes dividends or funds from the fund for Company's invested own free equity or lowers its share capital by distributing share capital to the shareholders, this will not affect the subscription price of the shares or the other terms and conditions of the options.
- 2.5.3 If the Company, prior to share subscription, decides to acquire or redeem its own shares, options or other special rights entitling to shares under Chapter 10 of the Finnish Companies Act in accordance with Chapters 3 or 15 of the Finnish Companies Act, this will not require actions from the Company (or the Option Holders) in relation to stock options, and this will not affect the terms and conditions of the stock options.
- 2.5.4 If the Company, prior to share subscription, decides to merge with another company as a merging company or with a company to be formed in a combination merger or if the Company decides to fully demerge its business activities, the Option Holder shall, before the merger or demerger, be given the right to subscribe for the shares with stock options, within a period of time determined by the Board prior to the registration of the enforcement of the merger or demerger. After this period, the subscription right shall terminate. The Board shall decide on the effect of a possible partial demerger to the terms and conditions of the stock options. In the above-mentioned situation the Option Holder is not entitled to require that the Company shall redeem the stock options for a fair market value.
- 2.5.5 If, prior to share subscription, the share of the Company's shareholder of the Company's shares and votes exceeds 90 per cent and this leads to the realization of the redemption right and redemption obligation under Chapter 18, Section 1 of the Finnish Companies Act, the Option Holder has the right to subscribe for the shares in the Company during a period determined by the Board regardless of the provisions concerning the subscription period but otherwise in accordance with these terms and conditions. After this period, the subscription right shall terminate.
- 2.5.6 If, prior to share subscription, the Company is placed into liquidation, the Option Holder shall be given the right to subscribe for the shares in the Company during a period determined by the Board prior to the beginning of the liquidation procedure.
