

Corporate Governance Statement For Nanoform Finland Plc 2021

Corporate Governance Statement

1. Introduction

1.1 Nanoform's general governance principles

Nanoform Finland Plc ("Nanoform" or the "Company") observes good corporate governance practices in accordance with the laws and regulations applicable to Finnish public companies, the Company's own Articles of Association, and, with a few exceptions detailed in this statement, the Finnish 2020 Corporate Governance Code (the "Code" or "CG Code"). The Code can be found at cgfinland.fi/en/.

The Company observed the Corporate Governance Code without any departures from its recommendations, other than those detailed in the statement, during the financial year 2021.

The board of Nanoform has approved this Corporate Governance Statement in its meeting on 21 February, 2022.

PricewaterhouseCoopers Oy, Audit Firm, the company's auditor, has verified that the statement has been issued and that the general description of internal audit and risk management systems associated with the financial reporting process conforms to the same in the financial statements.

Nanoform also complies with the rules of Nasdaq First North Premier Growth Market Finland (the "First North Premier Finland"), maintained by Nasdaq Helsinki Ltd, and with Nasdaq First North Premier Growth Market Sweden (the "First North Premier Sweden"), and the rules and regulations of the Finnish Financial Supervisory Authority.

1.2 Departures from the CG Code in 2021

Member of the Board of Directors Cynthia Schwalm resigned from the Board of Directors on 20 May 2021.

Between 20 May 2021 and 17 November 2021 when Ms. Jeanne Thoma was elected as a member of the Board of Directors, the Company deviated from the following recommendations of the Code:

Recommendation 8 of the Code regarding the composition of the Board of Directors as both genders are not currently represented in the Board of Directors.

Between 20 May 2021 and 10 December 2021 when Ms. Jeanne Thoma was elected as a member of the Audit and Compensation Committee, the Company deviated from the following recommendations of the Code:

Recommendation 15 of the Code regarding the appointment of members to a committee. The Audit and Compensation Committee had only two members, Miguel Calado, the Chairman, and Mads Laustsen, a member. Both Miguel Calado and Mads Laustsen were independent from both the Company and significant shareholders. The description of the rationale for recommendation 15 provides that if a company's board of directors has only few members, a committee may consist of only two members.

1.3 Governing Bodies

The control and management of Nanoform is split between the Annual General Meeting of Shareholders (AGM), the Board of Directors, and the Managing Director (the "CEO"). Ultimate decision-making authority lies with shareholders at the AGM which appoints the members of the Board of Directors and the Auditor. The Board of Directors is responsible for the Company's strategy and overseeing and monitoring the Company's business. The Board of Directors appoints the CEO. The CEO, assisted by the Management Team, is responsible for managing the Company's business and implementing its strategic and operational targets.

3. Description of internal control procedures and the main features of risk management systems

Nanoform's Board of Directors is responsible for the company's internal control and has defined the principles for Internal Control Operating Principles. Management practices and business steering are based on compliance with the law and the Articles of Association as well as with Nanoform's values and ethical business practices. The Audit and Compensation Committee of the Board of Directors shall, among other things, see to that Nanoform has sufficient internal control and risk management and formalized routines to ensure that established principles for financial reporting and internal control are followed and that there are effective systems for monitoring and control of the company's operations and the risks associated with the company and its operations.

The overall purpose of the internal control activities are to reasonably ensure that the Company's strategies and objectives are monitored, and that the shareholders' investment is protected. Internal control shall further ensure that external financial reporting, with reasonable certainty, is reliable and prepared in accordance with generally accepted accounting principles, compliance with applicable laws and regulations, and compliance with listed companies.

Risk management is part of the Company's monitoring system and it aims to ensure that the risks relating to the Company's business environment are identified, evaluated, and monitored in order to ensure the continuity of its business.

4. Other information to be provided in the CG statement

4.1 Main procedures relating to insider administration

Nanoform complies in its insider matters with Finnish and EU legislation, the provisions of the EU Market Abuse Regulation (596/2014 "MAR"), the applicable rules and guidelines of Nasdaq Helsinki and Nasdaq Stockholm, the guidelines of the Finnish Financial Supervisory Authority and the Corporate Governance Code of the Finnish Securities Market Association.

The Board of the Directors of the Company has approved an Insider Policy, which ensures compliance with the above-mentioned regulations.

The Company informs the public as soon as possible of inside information that directly concerns the Company. The

decision to publish such information is made by the CEO or CFO alone or by the Board of Directors.

The decision to delay the disclosure of inside information to the public is made by the CEO or CFO alone or by the Board of Directors. The decision will be made after it has been assessed whether the conditions for delaying the disclosure of inside information are met. The person responsible for insider matters is responsible for documenting the assessment and the decision to delay the disclosure and for the retention of relevant documentation. If the Company decides to delay the disclosure of inside information, it must immediately establish an insider list concerning the inside information and keep the list up-to-date.

The Company applies the trading restriction applicable to persons discharging managerial responsibilities (i.e., members of the Board of Directors and the Management Team) as set out in MAR (closed window). The closed window period begins 30 calendar days before the publication of the Company's financial statement reports or interim reports and ends once these have been published.

The company has also established an expanded closed window for persons involved in the preparation, drawing up and publishing of the Company's financial reports.

4.2 External Audit

The General Meeting appoints the auditor and decides on the remuneration of the auditor.

Nanoform has one auditor that must be an auditing firm approved by the Finnish Patent and Registration Office. The term of office of the auditor expires at the closing of the Annual General Meeting following the election.

During the 1 January–31 December 2021 financial period, Nanoform's auditor is Authorised Public Accountants PricewaterhouseCoopers Oy with Tomi Moisio as the auditor-in-charge. In accordance with the decision of the Annual General Meeting, the auditor is remunerated, and the travel expenses compensated as per reasonable invoice approved by the Company.

4.3 Related party transactions

Related party transactions are described in the Notes to the consolidated financial statements. Fair market values are always applied to related party transactions. Nanoform has currently no related party transactions which would be material and in conflict with the ordinary course of business and not implemented under arms-length terms.
