Nanoform appoints Antonio da Silva as Chief of Business Operations (CBO) and member of the Management Team

Helsinki, Finland – Nanoform appoints Antonio da Silva as CBO and a member of the management team as of January 1st, 2023. Antonio da Silva has an extensive background in the CDMO and particle engineering space, having worked for 19 years at Hovione, where he took part in several pharmaceutical product launches. Antonio has been with Nanoform since 2019 when he joined as Director, Quality Control.

“Helping Nanoform transform to a GMP qualified pharmaceutical manufacturing company and relocating to Helsinki with my family has been a truly rewarding experience. I would like to thank Nanoform’s management for the trust they placed in me, and I look forward to further industrializing our technology platforms in the global pharma industry”, said Antonio da Silva, currently Sr. Director, Business Operations.

“I’m delighted to welcome Antonio to the management team. He has shown leadership and great energy every day in his work supporting our customers, and he is the right person to further elevate Nanoform’s growing business operations”, said Edward Hæggström, CEO of Nanoform.

About Nanoform

Nanoform is an innovative nanoparticle medicine enabling company. Nanoform works together with pharma and biotech partners globally to provide hope for patients in developing new and improved medicines utilizing Nanoform’s platform technologies. The company focuses on reducing clinical attrition and on enhancing drug molecules’ performance through its nanoforming technologies and formulation services. Nanoform’s capabilities include GMP manufacturing, and its services span the small to large molecule development space with a focus on solving key issues in drug solubility and bioavailability and

on enabling novel drug delivery applications. Nanoform's shares are listed on the Premier-segment of Nasdaq First North Growth Market in Helsinki (ticker: NANOFH) and Stockholm (ticker: NANOFS). Certified Adviser: Danske Bank A/S, Finland Branch, +358 40 744 1900. For more information, please visit www.nanoform.com.

Forward-Looking Statements

This press release contains forward-looking statements, including, without limitation, statements regarding Nanoform's strategy, business plans and focus. The words "may," "will," "could," "would," "should," "expect," "plan," "anticipate," "intend," "believe," "estimate," "predict," "project," "potential," "continue," "target" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Any forward-looking statements in this press release are based on management's current expectations and beliefs and are subject to a number of risks, uncertainties and important factors that may cause actual events or results to differ materially from those expressed or implied by any forward-looking statements contained in this press release, including, without limitation, any related to Nanoform's business, operations, clinical trials, supply chain, strategy, goals and anticipated timelines, competition from other companies, and other risks described in the Report of the Board of Directors and Financial Statements for the year ended December 31, 2021 as well as our other past disclosures. Nanoform cautions you not to place undue reliance on any forward-looking statements, which speak only as of the date they are made. Nanoform disclaims any obligation to publicly update or revise any such statements to reflect any change in expectations or in events, conditions or circumstances on which any such statements may be based, or that may affect the likelihood that actual results will differ from those set forth in the forward-looking statements. Any forward-looking statements contained in this press release represent Nanoform's views only as of the date hereof and should not be relied upon as representing its views as of any subsequent date.
